

A healthier team starts here

Bring CVS Pharmacy® to you with free on-site vaccine clinics offering 10+ vaccines to help you support your company's health.

Why choose a CVS® on-site clinic?

We administer millions of vaccines every year, including COVID-19 and the flu

Because the flu costs employers and businesses \$11.2 billion a year*

They're simple and scalable, with

- 28-day advanced scheduling
- 20-participant minimums
- Operational support for all group sizes

What can an on-site CVS vaccine clinic do for you?

Business.CVS.com/Solutions/Vaccination Services

94% of clients would host another on-site vaccine clinic with CVS Pharmacy.**

But don't take our word for it...

"Our pharmacist and tech made the process seamless and painless...an invaluable service for our employees."

— Health care system client

"Employees appreciated the range of available vaccines. Look forward to working with CVS again next year!"

— School district client
